Description: Filtering half mask to protect against particles class FFP2 NR with or without exhalation valve in polypropylene and rubber for single shift use only. The half mask is foldable with a vertical fold flat shape, designed with a noseclip in high-density polyethylene iron platine zinc and two self-adjusting ear loop in nylon and spandex. The filter media is composed of three layers in polypropylene and electret masterbatch and one layer in polyethylene ethylene-propylene sidebyside (detailed description in EU type examination report 20.1900).

Description : Demi-masque filtrant contre les particules classe FFP2 NR avec ou sans soupape expiratoire en polypropylène et caoutchouc à usage unique. Le demi-masque est de forme plate à pliage verticale, conçu avec une barrette nasale en haute densité polyéthylène et deux brides auto-réglables en nylon et spandex portées derrière les oreilles. Le média filtrant est composé de trois couches en polypropylène et une couche en polyéthylène éthylène-propylène sidebyside (description détaillée dans le rapport d'examen UE de type 20.1900).

AEREM[®]

TO FILTER & PROTECT

OUR MISSION

AEREM focuses on its customers and partners needs in the finishing industry. Every relationship is a privileged partnership based on professionalism, dialog and trust. Delivering the best service with performant, environmentally friendly quality products easy to dispose of is our commitment since 1963.

Our mission is to develop, manufacture and supply high performant filtration and protection products for spray booths that aim to keep a clean and safe working environment while enhancing the spray booths productivity.

OUR VISION

AEREMs ambition is to affirm its position by becoming an international multi-brand company focused on the global finishing industry with a wide variety of renowned and innovative filtration and protection products.

OUR VALUES

AEREM is above all a work of men and women united around the world for the success of the Group.
They all share the same values in a solidarity and caring climate.

ENVIRONMENT

Protecting the environment is the responsibility of everyone. AEREM uses recycled raw materials in all of its products. Our sharply tuned and performant production processes results in low waste and low energy consumption.

CUSTOMER CARE

Because all our customers are important, our priority is to support them in their projects, build and maintain a long-term partnership to be able to bring the answers adapted to each need. Over 900 distributors around the world trust us.

PROTECTION

We seriously consider the need to protect the operator and provide a secure working environment through our products and services. This is why our filters are free of polluting or toxic products. They can be stored, handled and incinerated or landfilled safely.

MULTICULTURALISM

Aerem is a selfie of multiculturalism and diversity. Our teams are made of men and women of different languages, cultures and origins. It is in this spirit of openness and diversity that we seek to build a partnership with you.

RESPECT & INTEGRITY

We treat others with respect and comply with all internal and external norms and regulations. We strive to always act with transparency and honesty.
