

STH WIRE INDUSTRY (M) SDN. BHD. Asia's leading manufacturer of stitching wire. **STH WIRE** manufactures a full range of Stitching and Packaging Wire, made to the highest standards at the most competitive pricing.

STH Stitching Wire is produced using the hot-dipped process, which is far superior to the more commonly used electro-galvanized method of producing stitching wire.

Perfect for the printing industry, to bind magazines, catalogues, exercise and notebooks, **STH** Stitching Wire offers a high quality, affordable solution to your binding needs.

What are the advantages of **STH** Stitching Wire?

- ✓ **Environment friendly product.** Our wire drawing is using only refit able water based lubricant instead of the petrochemical lubricant.
- ✓ **STH Stitching Wire is very competitively priced!** Our price is calculated on NETT weight (not Gross weight) which means that you pay P/KG of actual wire and not for the weight of the spool.
- ✓ **Wire is precise and uniformly round** - wire diameter allowance of +/- 0.01mm only
- ✓ **Better Rust Resistant:** unlike electro-galvanized wire, **STH WIRE** provides better rust resistance and is without antirust chemical coating (which can leave unsightly oil marks on paper).
- ✓ **Significantly less zinc dust:** less zinc dust means reduced maintenance requirements on your stitching machines which results in longer lasting stitching heads.
- ✓ **STH Stitching wire is a heavy metal free product.** This makes it a safer product to use, especially in "child friendly" products, comply to RoHS Directive, REACH, ASTM F963-08, ISO9001:2008 & ISO14000:2004, QC100 TOTAL QUALITY MANAGEMENT MODEL, ideal for export market requirement.

- ✓ **Tensile Strength** of **STH** stitching wire is consistently higher in tensile strength and accurate on wire size. This results in better yield and improved production cost efficiency for post printing process.
- ✓ **Compatible to fully automatic, high speed strictly stitching machine**, like: Muller Martini, Heidelberg, Osaka, Tolerances Stitching, KBA, Bielomatic, WILL, Hohner, Horizon, Deluxe Stitched, etc....
- ✓ **Proven Product: STH WIRE** has exported more than 28 countries & served more than 400 customer around the world, like: Australia, Philippines, Singapore, Indonesia, Vietnam, Thailand, Brunei, Japan, Hong Kong, China, India, Pakistan, Sri Lanka, Oman, Yemen, U.A.E countries, Saudi Arabia, Qatar, Kuwait, Jordan, Egypt, South Africa, Zambia, Slovak (Cover Poland, Hungary and Czech Republic), Russia, Canada, USA, Brazil, etc.....

STH Wire is manufactured to the highest standards and is 100% guaranteed!
