Supply Channel

Designed by our team here in Auckland.

Manufactured by our factory in China.

Pressure Tested by our team here in Auckland then repacked for delivery to you.

Shipping

As our systems are built to last, with heavy duty stainless components, they exceed the 30 kg courier limit, so are freighted by Mainfreight.

Systems are packed in a cardboard carton, strapped, & padded using 30mm and 40mm polystyrene panels. Even this level of protection may not prevent damage if the carton is dropped from a height. To ensure a valid freight damage claim, Mainfreight insist that you inspect your system immediately upon receipt.

Package	Destination	Time	Courier	Price excl GST
Residential Filtration System	Metro Auckland (Kumeu to Pukekohe)	Next day	MainFreight	\$70
Residential Filtration System	North Island	Two days	MainFreight	\$80
Residential Filtration System	South Island Waiheke	Three days	MainFreight	\$105
Commercial Filtration System		Three days	MainFreight	Quote Reqd
Standard Carton 0.025 m3	Metro Akld		Now Couriers / Courier Post	\$10
Standard Carton 0.025 m3	Metro Nth Island		Now Couriers / Courier Post	\$15
Standard Carton 0.025 m3	Metro Sth Island		Now Couriers / Courier Post	\$20

- Price on application for oversize systems (such as Commercial Systems)
- Standard Carton fits a service kit (3 cartridges & lamp) or up to 6 cartridges
